

| Descaling Agents   |   |              |                   |   |   |
|--------------------|---|--------------|-------------------|---|---|
| Products           |   | Temperatures | Installation tipe | System age  | Additive features and function  |
| DISINEX VIRAGGIO   |    | High / Low   | Heat exchanger    |    | Descaling product for coils, boilers and heat exchangers. Not suitable on aluminum or galvanized surfaces |
| DISITANK 2X STRONG |    | High / Low   | WC tanks          |    | Concentrated descaling agent with cleaning and sanitizing action for toilet tanks                         |
| ZINCONEX           |    | High / Low   | Thermal / DHW     |    | Powder descaler, specific for aluminium and galvanized surfaces   |
| ZINCONEX-LQ        |   | High / Low   | Thermal / DHW     |    | Concentrated liquid descaler for aluminium and galvanized surfaces  |
| THERMOCLEAN        |  | Smoke side   | Heat exchanger    |  | Descaling detergent for combustion chambers   |
| THERMOSAN BL       |  | Smoke side   | Heat exchanger    |  | Passivating product for aluminum and aluminum/silicon condensing boiler combustion chambers               |
| THERMONET CALDAIE  |  | Smoke side   | Heat exchanger    |  | Concentrate descaler specific for combustion chambers   |
| THERMONET FUMI     |  | Smoke side   | Heat exchanger    |  | Disruptive agent for soot and unburned deposits   |
